

Keep Castle Park Green

Come to the public inquiry

Bristol City Council and developers Deeley Freed are still intent on building on our green space. In a bid to stop this, Castle Park User Group have applied to the council to register Castle Park as a Town Green. If successful, it will be permanently protected from development. The council and the developers constitute the main objectors to the proposal, and the issue is going to a public inquiry

Support the move to protect our green space for all time

**The public inquiry begins 1st December 10.00 a.m.
