

## Keep Castle Park Green - Support the Judicial Review

The City Council and their developers still want to build on our green space. To stop this, Castle Park Users Group submitted an application to the council to register Castle Park as a Town Green. The city council have rejected this application, so Castle Park can now be built on. We think that this is wrong and are seeking a Judicial Review.

### Support the campaign to protect our green space

In a Judicial Review the city council's decision will be tested in the courts. Our legal advice is that the city council's decision is wrong in law. If we are right, the council will have to grant Town Green status which would mean no existing green space in Castle Park could ever be built on.

The Judicial Review will cost money. We need this by early October. We are therefore asking you to buy bonds now to help pay for the Judicial Review. If we win our case and our costs, we will refund to you the value of your bond if you claim it back from us after the final legal decision. If not, we will treat it as a donation to the campaign. Please tick below the value of the bond which you wish to buy and send this form immediately, together with your cheque (payable to Castle Park Users Group), to: Jean Tuff, 31 Hengrove Road, Bristol, BS4 2PR.
