Elderberry Walk Open Space.

The group aims to ensure that Elderberry Park is maintained as a park including open green spaces and areas to provide wildlife habitats, of benefit to both wildlife and people.

To fulfill this aim the group will:

- Liaise with Bristol City Council to ensure a high level of care for Elderberry Park and to have a say in how the site is managed.

- Provide a friendly and welcoming community focus for people interested in Elderberry Park.

- Contribute to making Elderberry Park a safe and inviting place to visit.

- Work to improve understanding and increase respect of Elderberry Park by the local community.

- Contribute to the management of Elderberry Park, including the protection of wildlife habitats, in accordance with the Management Plan for the site, a copy of which will be held by the group.

- Research and collect information relevant to Elderberry Park, for example on the wildlife and history of the site, also the wildlife habitat that reside in the area.

- Work with Bristol City Council and other bodies to ensure that the effects on Elderberry Park are considered in any plans or developments for surrounding areas.
