The Kings Weston Action Group has been formed to ensure the future conservation and enhancement of the whole of the Kings Weston registered historic landscape. Its intention is to research and promote the unique history of King Weston House and landscape, undertake direct action to conserve and maintain the park, work with the City Council and English Heritage and the National Trust to reverse the continued decay of the grounds by forming a strategy for the future, and securing funding to undertake that strategy.

KWAG are committed to raising the profile and use of the historic landscape and hope to achieve our ambitions united by a strong community drive. KWAG is keen to welcome new members from across Bristol and, in recognition of the national importance of the house and Park also draw membership from across the UK.
