Telephone:

Address:

The Friends of Rosemary Green and May Park Wood are a group of people living in Easton and Eastville who help to look after Rosemary Green, a small public open space between Rosemary Lane and Greenbank View.

We also aim to persuade May Park School to allow some public access to May Park Wood in return for our help in managing the wood for the benefit of school children, local residents and wildlife.

Meetings and events are advertised on our website and everyone is welcome to join in as much as they are able.
