VPAG works to improve the facilities in the park, in co-operation with local residents and the Council, and organises regular annual events including a Spring Clean litter pick, Festival (Sept.), and Bonfire (Nov.).

The park is designated as an Urban Dark Sky site - something we take advantage of through regular star-gazing events - and is home to a host of wildlife including bats. Facilities include a Bowling Club, Tennis Courts, playgrounds, an urban gym, skatepark and wonderful views of Bristol to the North and South.

Meetings are held monthly.
