VPAG works to improve the facilities in the park, in co-operation with local residents and the Council, and organises regular annual events including our Spring Clean litter pick, Festival, and Bonfire.

The park is designated as an Urban Dark Sky site - something we take advantage of through annual star-gazing events - and is home to a host of wildlife including bats. Facilities include a Bowling Club, Tennis Courts, and fantastic views of Bristol to the North and South.

Meetings are held monthly - for more details contact Andrew Brown on the details above.
