We are a group of local people who value our park and are passionate that it remains an asset for all as a park, not a dumping ground or motorbike scramble track.

We also understand that the park means different things to different people throughout the age ranges, so we try to maintain the balance and diversity across the spectrum.

We believe a park should be a place of Fun and Games, Inspiration, Exercise and Solace.

We see ourselves not only as the voice of the people, but the voice of the park.
